

Suitable for:

SUZUKI RMZ450 2013-2016

STANDARD BORE Ø96MM / 450CC.

**CYLINDER
COMPLETE PISTON
GASKET SET**

Part Number: **P400510100027**

€ 403,24 + VAT

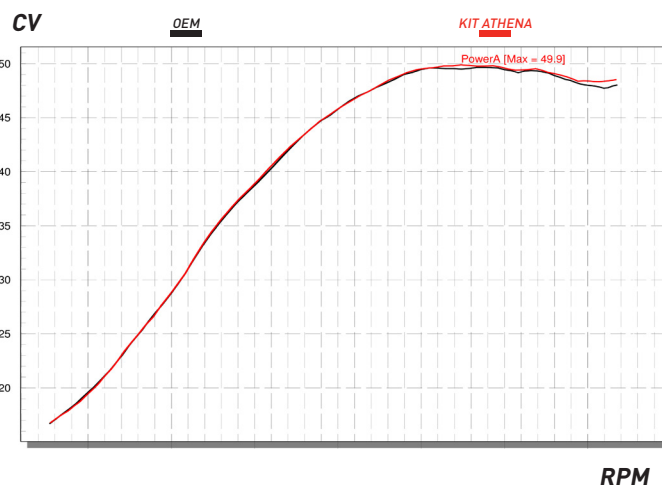

Athena is proud to present its **new standard bore cylinder Kit** for **SUZUKI RMZ450** replacing the OE cylinder and piston with a BOLT-ON version, in other words it can be installed without any crankcase modification. The cylinder is matched with a forged piston which is lighter than the OE, to reach best performances and reliability. The gaskets have been developed using last generation technologies; in particular the multilayers head gasket provides a new system of reliefs that guarantees a perfect seal even at high temperatures. The nickel cylinder is matched with a new lighter forged piston. Thanks to the Athena's high quality standards and to its production method with CNC machines, the kit guarantees an unbeatable quality-price ratio.

EASY CYLINDER KIT

**KIT CILINDRO MX COMPOSTO DA UN CILINDRO
IN ALLUMINIO A DIAMETRO STD E UN KIT GUARNIZIONI**

EC510-015

€ 261,48 +VAT

The **Kit Easy Cylinder** is composed by the standard diameter cylinder and the top end gasket kit, both necessary components for your engine repair. From now on, besides the complete cylinder kit range, you can choose a reduced kit which is even cheaper than the original loose cylinder, but with the same quality.
